PREPARE FOR SILENT RUNNING...

SILENT SERVICE

The *Seabat:* the most advanced nuclear submarine ever designed. It is armed with 50 nuclear-capable torpedoes. It is manned by a crew that does not exist. It is the most closely guarded military secret in the world. *It has just gone rogue.*

★★★1/2

"SILENT SERVICE is one heck of a great movie. A must see!"
—Protoculture Addicts

- International submarine-intrigue in the tradition of *The Hunt for Red October* and *Crimson Tide*!
- Created by the top names in Japanimation: Ryosuke Takahashi (*Gundam 0083: Stardust Memory*), Akira Nishimori (*A.D. Police*), Shigeru Kato (*Science Ninja Team Gatchaman*) and Sooji Yoshikawa (*Armored Trooper VOTOMS, Lupin the 3rd*)!
- Original, stand-alone movie featuring theatrical-quality animation!

The *Seabat:* the most advanced nuclear submarine ever designed. Covertly developed by the U.S. and Japan, the *Seabat* is Japan's first nuclear submarine. During the shakedown cruise, the crew declare their sovereignty as an independent nation — provoking a major international incident, and straining U.S.-Japanese relations to the breaking point. Now, the clock is ticking as both the U.S. and Japan scramble to capture the renegade submarine — *or destroy it* — as both nations prepare for war.
